

water.atm-surf.rain-su.files

Jean-Christophe Fabre, Simon Lalauze, Xavier Louchart

Name : *Distribution of rainfall on SU*

Version : *13.05*

Domain : *meteo*

Description : *Linear interpolation of rainfall from rain gauge data source files and spatial distribution on SU.*

Simulator parameter(s)

threshold	rainfall height lower than or equal to this value are replaced by zero	<i>m</i>
-----------	--	----------

Produced or updated variable(s)

water.atm-surf.H.rain	produced	SU	rainfall height on SU	<i>m</i>
-----------------------	----------	----	-----------------------	----------

Required or used extrafile(s)

SUraindistri.dat	required
------------------	----------

rainsources.xml	required
-----------------	----------
